### NILS FINNE

Finne Architects (206) 467-2880; finne.com

A recipient of a Seattle AIA Design Citation award, Nils Finne imbues his residential architecture and furniture designs with a reverence for natural materials and a passion for craft. Strongly influenced by his Scandinavian roots, he creates new homes that explore the emotional and tactile dimensions of a warm modernist aesthetic and is known for delicately bridging the old and the new in his renovation work. His all-encompassing environments are highly customized, enriched by one-of-a-kind fabrications and striking furniture designs. "Invite and accept nature," urges Finne. "Use materials that age well and acquire patinas because they will give your architecture depth."
